Final Assessment

Student's course performance is assessed according to the European Credit Transfer and Accumulation System grades (0-49 fail, 50-100 pass).

E-course final assessment		
100 points		
Day-to-day performance	**Module assessment**	**Credit-test**
55 points	15+10=25 points	20 points

To be allowed to take a credit-test a student is to do **all** the tasks through the course**.**

- **Day-to-day performance**

5 points (maximum) is given for each task done on time.

The score for the task completed correctly and **by the deadline** is 5 points.

The score for the task completed correctly but **one week later** than the deadline is 4 points.

The score for the task completed correctly **without meeting the deadline** is 3 points.

- **Module assessment**

15 points is given for assessment of Module 1

10 points is given for assessment of Module 2

- **Credit-test**

Credit-test consists of **a self-evaluation report** on the internet-based project – a blog which contains all tasks done (10 points) and **an evaluation report** on being a reader of 3 blogs of the assigned by the Teacher groupmates (10 points). When we meet for a credit-test, you first **tell** about your work on the blog from the creator's and blogger's points of view, and then you **tell**

about your experience of being a blog reader of 3 blogs of your groupmates (remember to comment on their posts before).
